## **ABOUT TRAINING AND PLACEMENT CELL**

The training and placement cell plays a crucial role in locating job opportunities for diploma graduates passing out from the college by keeping in touch with reputed firms and industrial establishments. The training and placement cell operates round the year to facilitate contacts between companies and diploma graduates. The number of students placed through the campus interviews is continuously rising. On invitation, many reputed industries visit the institute to conduct interviews. Placement training plays a major role in shaping up the career goals of students. It is the dream of every diploma engineering student to get placed in a top organization visiting their campus for recruitment. Keeping this key aspect, it is realized that training is important for diploma engineering students to enhance their employability skills and achieve good placement in various industries. At present, the competition for employment is increasing every day and placement has become a challenging task.

Training of students and equipping them with life skills have become an important responsibility of the institution. Along with technical expertise, development of a holistic personality is also necessary. To meet these requirements, a fully-fledged training & placement cell is operating in our college to enhance the capabilities of diploma engineering graduates on par with the industry standards. We have been successful in maintaining high placement statistics over the years. Our placements during Covid period itself is a testimony to our quality. Our alumni have set new standards in the corporate world through their valuable contributions, and it is our conviction that we will continue that legacy in the years to come.

The prime objective of the Training and Placement Cell is

- To look for 100% employment for all students.
- To recognize the core competencies of the students.
- To train the students to meet the expectations of the industry through our Career Development Programs.
- To build confidence in students and develop right attitude in them
- To enhance their communication skills.
- Train the students on "Personality Development".

Recruitments are held in our college in three ways

1. Companies directly approaches our placement officer and conduct the recruitment process and chooses the right candidates.
2. Companies directly approaches and held the recruitment process incorporating students from neighboring polytechnic colleges too

3. The placement officer mails the whereabouts of our college showing the details in full and in return companies conducts the recruitment process
4. Placements through recruitment drives conducted by State Institute of Technical Teachers Training and Research, Kalamassery.
